data is transferred to countries outside the European Union or the European Economic Area	The company will not disclose the collected data for commercial purposes.
8. The principles how the data file / register is secured	 A. Manual register The manual data shall be stored in an area with restricted access, available only for the authorized persons. B. Data register / ADP register Euroclear Finland Ltd shall be responsible for the maintenance of the register. The connection from a user's browser to the server of Euroclear Finland Ltd is encrypted with SSL technology. Technical information security is being used in the application, by which the entered information shall remain unchanged and is available only for the authorized persons.
9. Right of access and realization of the right of access	The shareholder shall have the right of access, after having supplied sufficient search criteria, to the data on himself/herself in the personal data file, or to a notice that the file contains no such data. The controller shall at the same time provide the data subject with information of the regular sources of data in the file, on the uses for the data in the file and the regular destinations of disclosed data. The shareholder who wishes to have access to the data on himself/herself, as referred to above, shall make a request to this effect to the person in charge at Bittium Corporation by a personally signed or otherwise comparably verified document. Requests for the right of access shall be directed to Ulla Kesti; please see the contact details above.
10. Rectification and realization of the rectification	A controller shall, on its own initiative or at the request of the registered shareholder, without undue delay rectify, erase or supplement personal data contained in its personal data file if it is erroneous, unnecessary, incomplete or obsolete as regards the purpose of the processing. The controller shall also prevent the dissemination of such data, if this could compromise the protection of the privacy of the shareholder or his/her rights. If the controller refuses the request of the registered shareholder of the rectification of an error, a written certificate to this effect shall be issued. The certificate shall also mention the reasons for the refusal. In this event, the shareholder may bring the matter to the attention of the Data Protection Ombudsman. The controller shall notify the rectification to the recipients to whom the data have been disclosed and to the source of the erroneous personal data. However, there is no duty of notification if this is impossible or unreasonably difficult. Requests for rectification shall be directed to Ulla Kesti; please see the contact details above.
